## 450 x 450mm Square Composite Manhole Cover & Frame

**Part No: CC4545D400AN**

### Description

450 x 450mm Lightweight high strength composite manhole cover and frame. Load Rated 400kN (D400)

### Technical Properties

- Produced from fibreglass reinforced polyester (FRP)
- Tested according to BS EN 124:1994
- D400 Load rating
- Resistant -40° C +80° C
- Manual locking – Stainless Steel machine screw
- Cover 14.4kg Frame 4.2kg Total 18.6kg

### Benefits

- Reduced risk of theft. Limited scrap value
- Does not rust
- Lighter than metal versions , easy installation
- Reduced crossing noise level - Dimensional stability
- Maybe manufactured in different colours
- Logo application is available for personalization
- Quality non slip surface finish
- Single Lift Point

### Performance

Class D400, according to EN 124

### Packaging

Shipping on pallet upto 48 pieces

### Colour

Black - RAL 9005
